**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am consumer who supports broadband competition. I believe its is fundamental to have the choice to have services form which would be beneficial to each of our own lives. The option to have low prices and great service is why I support and use sonic Internet. Broadband companies are critical when you have to use the services for work and live in rural areas, we need to have the option to decide when and how we use any service available in such areas. I support broadband completions.
